4. Training Opportunities (International & local)

- CITL believes that true academic excellence is achieved through the perfect blend of theoretical knowledge and practical application. That is why our College provides unparalleled opportunities for our students to engage in hands-on training, both within Egypt and on the global stage. The college provides training opportunities inside Egypt in all companies and bodies related to the student's academic aspect, whether in the field of ports, import and export, industrial companies, service companies, oil and energy logistics fields, logistics and supply chains, and others.
- Beyond our extensive network of local training partners, CITL offers international training opportunities that will broaden your perspective and expose you to diverse cultures and business practices. Destinations such as ESCOLA (Spain), Cal Poly (USA), Sheridan (Canada), Maribor (Slovenia) and UCLan (UK) await, allowing you to hone your skills on a global scale.
- CITL provides students with a wealth of workshops presented by leading experts in the market. These sessions are designed to bridge the gap between the academic and practical aspects of your studies, ensuring that your education is aligned with the evolving needs of the industry.
- Mandatory Training at CITL: A Unique Graduation Requirement, practical training is not just an option – it is a fundamental requirement for graduation. This ensures that every one of our students leaves with a well-rounded education, seamlessly blending academic theory with real-world experience.

5. Student Life at CITL

The college is keen to provide academic guidance, care and support for students in sports and cultural activities:

- The college forms an annual student council by election.
- The college arranges scientific and field visits such as (East Port Said Seaport - Sokhna Port - Alexandria Port Authority - Suez Canal Company for Container Handling - East Port Said Development Company).
- It is keen to support students with special needs and to represent them in the Students' Union and other various activities.
- Participation of the students in the Academy's Colleges League in games (volleyball - basketball - five-a-side football - beach ball - football - handball). Also, it supports and sponsors sports champions (the champions of the Tokyo Olympics 2020)
- Every semester, the college organizes a week of CITL Week activities, at the end of which it honours outstanding students in various fields, whether scientifically, mathematically, culturally or socially.

6. Professional Certificates and European Union (EU) Collaboration

CITL offers International professional certificates in freight forwarding (FIATA) and higher FIATA (supply chain management in supply chain) diplomas. Moreover, professional certificates in road transport (IRU) and The International Air Transport Association (IATA). In addition, CITL is a major partner in multiple international projects especially, European Union (EU) projects which allows the opportunity to travel abroad and gain a global experience.
