### Course Description

#### Course Outlines:

This Product is for personnel who are either designated as being in charge of, are members of, or provide support to an emergency management team in an emergency.

#### Course Objectives:

This Product is to equip personnel with formal training in command, control, communications and stress-related factors in the management of major emergencies, in a simulated environment.

The objectives of the MEMIR for Renewable Energy (Wind) Training are that learners will be able to:

- (a) Understand the key factors of preparing for, responding to, and maintaining control throughout the development or escalation of an emergency situation in the Renewable Energy industry
- (b) Learn how to manage communication, emergency-related information and put into place predetermined plans at the point when the emergency alarm has been raised, to the point when the emergency manager is assured that the emergency is over.
- (c) Understand how stress can impact on individuals and team performance during emergencies.
- (d) Have the opportunity to role-play as the emergency manager in a minimum of two specific types of emergency scenarios. This is a key element of the training programme and is backed up by constructive feedback from the course instructional team.

---

**Learning outcomes:**

- Emergency Coordinator for Wind Competence Assessment.
- To achieve the Major Emergency Management Initial Response (MEMIR) for Renewable Energy (Wind) Training the learner will need to complete the 2 mandatory units.

**Course includes:**  Theoretical     fire training module     Laboratory     Workshop  
 survival training pool     sea site visit.

**Who should attend:**

This Product is for personnel who are either designated as being in charge of, are members of, or provide support to an emergency management team in an emergency.

**Course References:**

- OPITO approved standards.

**No. of Lecturer:**  1                       2                       3

**No. of Assistance:**  1                       2                       3

**Course Facilities**

White Board     V. Projector     Data show     PC     Manual     Handouts  
 Books     Handouts     Flip charts     S/W

**Course Evaluation**

Written Examination     Written Report(s)     Oral Presentation     Attendance  
 Delegates Participation

**Certificate Issue:**  Local Premises                       AASTMT                       International

**Course Registration**

**Registration:**                       AAST Admission Registration                       Online                       Other: ---local-----

**Documents required:**                       Registration form     ID/Passport copy     Photo
