

CALL FOR PAPERS

Arab Academy for Science, Technology & Maritime Transport (AASTMT) and Malaysia-Japan International Institute of Technology (MJIT), Universiti Teknologi Malaysia (UTM), will jointly organize the 10th International Conference on Advanced Technology and Applied Sciences (ICaTAS 2025), to be held from 21–23 October 2025. The conference will take place at AASTMT's Smart Village Campus in Giza, Egypt. The conference will highlight recent and significant advances in research and development in advanced technology, applied sciences, and interdisciplinary works. Encouraging young researcher from multi-discipline engineering background to share their new and innovative ideas and/or findings will be the aim of the conference. With participation of a large number of young researchers, it can be a platform for new collaborative ventures and strategic alliances to gain better insights into engineering research and technology innovation to harness the strength and synergies to bring further prosperity to the nations. As the future becomes more competitive and challenging, it is important to remain relevant and maintain the performance for continuous improvement research & education. As such, this conference will be most significant as we explore and share ideas to further enhance our research.

Scopes : ICaTAS 2025 will be divided into several sections related but not limited to the following scientific tracks (Topics of interest include, but are not limited to):

- Engineering and Technology
- Applied Sciences

All topics are open to academic, research and industry contribution, including technical reports and research in progress. All accepted papers will be published by a Scopus indexed journal.
