

## 1.4.1 Local start-up assistance

In alignment with Sustainable Development Goal 1 (No Poverty) and its mission to eradicate poverty in all its forms everywhere, the Arab Academy for Science, Technology and Maritime Transport (AASTMT) is dedicated to promoting economic empowerment, social inclusion, and equal access to opportunities and resources. Through its diverse training programs, entrepreneurship initiatives, and vocational education, AASTMT works to reduce vulnerability, address inequality, and strengthen social welfare and economic resilience. Since 2015, the *AAST Entrepreneurship Center* has advanced youth empowerment and innovation-driven start-ups across the Arab and African regions, generating income opportunities and sustainable livelihoods. The *Institute of Technical and Vocational Studies* complements these efforts by linking technical training with industry collaboration to enhance human capital and self-reliance. Moreover, the *Community Service and Continuing Education Center* extends AASTMT's reach to marginalized and low-income communities through lifelong learning, skills-development, and social responsibility programs that promote employment, economic inclusion, and poverty alleviation. Collectively, these initiatives embody AASTMT's commitment to inclusive development, social equity, and sustainable prosperity across the Arab region and beyond.

### AAST Entrepreneurship Center

Mentorship programmes and training workshops provided by the AASTMT Entrepreneurship Center are always free. Access to the AASTMT facilities is always free.

### Start-up School

AAST Startup School acts as the educational arm of the Entrepreneurship Centre. The main objective of this program is equipping early-stage entrepreneurs with the essential, substantial, and core knowledge & skills. On another side, supporting existing startups through advanced trainings and technical, industry-related mentorship programs. Also, the

school provides AAST EC incubators with the required educational support to achieve the impactful incubation experience.

## STARTUP SCHOOL AAST EC

Visit the [Start-up school at the Entrepreneurship Centre at AASTMT](#)

### Advanced Pre-Incubation Program

Advanced Pre-Incubation Program is an advanced pre-incubation training program for AAST students & alumni providing them with the necessary knowledge & support to put their ideas into action. The program starts with a validation exercise, then during this pre-incubation journey, students learn how to assess their business, compare between ideas to choose the best and develop a business model canvas. The program closes with a pitching exercise for a chance to join one of our incubators.

#### In Numbers:

- 64 Startup Ideas
- 50+ Training Sessions
- 18 Startups Joined AAST EC Incubators

## YALLA STARTUP AAST EC

<b>GREENSHIELD</b>	Our startup offers an innovative solution for weed management in the cultivation of medicinal and aromatic plants. Our core product is a state-of-the-art weeding robot equipped with advanced technology and AI capabilities. This robot provides precise and targeted weed detection and removal, ensuring the optimal growth, quality, and yield of these high-value crops.		<a href="https://aast.edu/en/centers/Entrepreneurship/contenttemp.php?page_id=48200415">https://aast.edu/en/centers/Entrepreneurship/contenttemp.php?page_id=48200415</a>	Egypt Rally
<b>PAVECO</b>	Paveco tackles the environmental and financial costs of construction waste by recycling it into interlock bricks, reducing emissions and material costs by up to 30%. Targeting both B2C (scrap sales) and B2B (construction partnerships), Paveco aligns environmental sustainability with industrial efficiency. With a structured roadmap toward production, regulatory approval, and scaling, the venture is positioned as an eco-conscious, cost-effective alternative in Egypt's growing construction market.		<a href="https://aast.edu/en/centers/Entrepreneurship/contenttemp.php?page_id=48200413">https://aast.edu/en/centers/Entrepreneurship/contenttemp.php?page_id=48200413</a>	AAST Rally

## AASTMT–ASRT Partnership to Promote Entrepreneurship and Innovation for Poverty Reduction

In July 2024, the Arab Academy for Science, Technology and Maritime Transport (AASTMT) signed a Memorandum of Understanding with the Academy of Scientific Research and Technology (ASRT) to foster innovation, entrepreneurship, and technological start-ups through business incubators, accelerators, and specialized training programs. This strategic partnership aims to empower young entrepreneurs and researchers with the resources, mentorship, and technical support needed to transform innovative ideas into viable economic enterprises.

The initiative directly supports Sustainable Development Goal 1 (No Poverty) by promoting income generation, self-employment, and sustainable livelihoods, particularly among youth and recent graduates who face limited job opportunities. By facilitating access to entrepreneurial ecosystems and financial inclusion mechanisms, AASTMT and ASRT

contribute to reducing the proportion of people living in poverty through productive employment and advocating equal access to economic resources and technology. This collaboration underscores AASTMT's commitment to reducing poverty through inclusive economic growth and innovation-driven empowerment.
