

## 11.4.5 Affordable Housing for Students

**2023–2024**

Student housing at AASTMT is a key factor in enhancing student life, providing a safe, comfortable, and supportive environment. The Housing and Subsistence Department ensures that residences foster an educational, social, cultural, psychological, and sports-oriented environment, giving students opportunities to develop their skills and talents. By offering affordable housing near campuses, the Academy reduces commuting, mitigates traffic congestion, and contributes to urban sustainability. Housing is designed according to urban planning principles, integrated with public transport, and incorporates safe, resilient, and comfortable living spaces for students.
