AASTMT & Industry: A Partnership for Graduate Employment

To bolster graduate employment, the Arab Academy for Science, Technology and Maritime Transport Alumni Association held its annual Career Fairs for 2025, starting with a well-attended event.

Under the esteemed patronage of His Excellency Prof. Dr. Ismail Abdel Ghaffar, President of the Arab Academy for Science, Technology and Maritime Transport (AASTMT), the Academy has successfully concluded its extensive series of career fairs for its 2025 graduates. Organized by the Academy's Alumni Association, in close cooperation with the Deanship of Student Affairs across all its branches, these pivotal events spanned multiple campuses across Egypt, reaffirming AASTMT's unwavering commitment to empowering its graduates and strengthening its robust ties with the labor market.

These multi-campus career fairs served as vital platforms, bridging the gap between AASTMT's talented students and alumni and a diverse array of leading companies and organizations across various sectors. Each event provided invaluable opportunities for attendees to explore promising career paths, gain insights into industry demands, and network directly with potential employers.

Across all locations, the fairs witnessed enthusiastic participation from both students and employers. Leading companies from various sectors, including construction, pharmaceuticals, finance, energy, and technology, showcased a wide range of job and internship vacancies. Platinum and silver sponsorships from prominent entities such as Orascom Construction, Ameriyah Cement Company, KPMG Hazem Hassan, Hikma Pharmaceuticals, EzzSteel, Banque Misr, Arma Group, Pan Marien, Misr Life insurance, Al Ahli Bank of Kuwait – Egypt, and Mantrac highlighted the significant industry trust in AASTMT graduates.

Beyond the major sponsors, numerous other companies actively engaged with attendees, offering a multitude of professional avenues. The fairs facilitated not only direct hiring but also invaluable networking, allowing students to understand industry trends and prepare themselves for the dynamic job market.

The 2025 Alumni Career Fairs underscore AASTMT's dedication to its graduates' professional development and its strategic role in fostering strong symbiotic relationships between academia and the business world. By continuously equipping its students with relevant skills and providing direct pathways to employment, AASTMT reinforces its position as a leading educational institution, contributing significantly to the development of Egypt's future workforce and opening new horizons for its talented youth across all specializations.

AASTMT Alumni Port Said Launches First Annual Career Fair for 2025 Graduates, Bolstering Employment Prospects

Reinforcing the vital link between its graduates and the professional world, the Arab Academy for Science, Technology and Maritime Transport (AASTMT) Port Said Branch, under the patronage of President Prof. Dr. Ismail Abdel Ghaffar Ismail Farag, successfully hosted its inaugural annual Career Fair on Wednesday, May 21, 2025. This event, part of a wider series across AASTMT campuses, connected qualified graduates from all disciplines with key employers such as the Egyptian Banking Institute, Suez Canal Container Terminal Company, Banque Misr, Rawbtet Sports Company, Canal Shipping Agencies Company, and Mushwar Engineering Consulting and, underscoring the Academy's commitment to fostering promising career futures.

Alamein Campus Hosts AASTMT 2nd Edition Internships & Career Fair 2025

The Arab Academy for Science, Technology and Maritime Transport (AASTMT) Alamein Campus successfully hosted its 2nd Internships & Career Fair for the Class of 2025 graduates, marking another significant step in empowering its students for the professional world. This pivotal event provided a dynamic platform for soon-to-be graduates and alumni to explore promising career and internship opportunities across various sectors.

The fair saw enthusiastic participation from a diverse array of leading companies, eager to connect with AASTMT's talented pool of graduates. Among the prominent organizations seeking to recruit top talent were:

- Parkville
- Pan Marine Group
- BIOMID
- Emirates Airlines
- Healthy &Tasty

These companies, alongside many others, showcased a wide range of vacancies and internships, offering attendees invaluable insights into industry demands and direct networking opportunities with potential employers.

The fair is a testament to AASTMT's unwavering commitment to fostering strong symbiotic relationships between academia and the business world. By continuously equipping its students with relevant skills and providing direct pathways to employment and practical experience, AASTMT reinforces its position as a leading educational institution, contributing significantly to the development of Egypt's future workforce and opening new horizons for its talented graduates.

Olympic Champion Sara Samir Honored by First Lady on International Women's Day

The Arab Academy for Science, Technology and Maritime Transport (AASTMT) is bursting with pride to announce that its distinguished alumna, Olympic champion Sara Samir, was recently honored on the occasion of International Women's Day.

In a truly remarkable tribute, Sara Samir received special recognition from Mrs. Entsar El-Sisi, the First Lady of Egypt, during a ceremony celebrating a select group of inspiring Egyptian women. This prestigious acknowledgment underscores the nation's profound appreciation for Sara's extraordinary athletic achievements and her powerful role as a guiding example for women across Egypt.

Sara Samir, a celebrated figure in Egyptian sports, continues to inspire with her dedication and success. Her recognition by the First Lady highlights not only her individual accomplishments but also the broader contributions of Egyptian women to society. AASTMT extends its warmest congratulations to Sara Samir on this well-deserved honor, further solidifying her status as a beacon of excellence for the Academy's community and beyond.

Sara Samir

Emphasizing the partnership and Career opportunities

A strategic partnership between the AASTMT Alumni and Emirates Airlines has led to a focused event aimed at upskilling graduates. gathered at the academy's Miami campus to participate in Hiring Cabin Crew. This initiative reflects the academy's commitment to preparing graduates for the demands of the modern workforce

AASTMT Alumni Association and Hotel & Tourism Department Host Career Fair 2025

The AASTMT Alumni Association, in collaboration with the Department of Hotel and Tourism at the College of Management and Technology, recently hosted the Career Fair and Networking Event 2025. Held on Wednesday, May 7, 2025, the event took place at the Miami Campus in Alexandria, Egypt. This fair offered attendees an excellent chance to discover exciting internship and career opportunities that align with their professional goals.

Engineer Mohammed Fahid Al-Subaie Elected Chairman of Kuwait Engineers Vision 2025-2027

The AASTMT Alumni Association is delighted to congratulate its esteemed graduate, Engineer Mohammed Fahid Al-Subaie (College of Engineering and Technology, 2002), on his election as Chairman of the Kuwait Engineers Vision 2025-2027. We are incredibly proud of this accomplishment, which truly highlights his competence and excellence, and we wish him continued success and prosperity in his new role.

AASTMT Celebrates Alumni Nour El Sherbini and Mostafa Asal: Squash World Champions!

The AASTMT Alumni is thrilled to extend a huge congratulations to our incredible alumni, Nour El Sherbini and Mostafa Asal, on their monumental achievement of becoming Squash World Champions! Their unwavering dedication and relentless hard work have undeniably brought them to the pinnacle of the sport. The entire AASTMT community is immensely proud of their outstanding achievements and remarkable success on the global stage.

AASTMT Junior Mostafa Asal Crowned World No. 1 in Latest PSA Rankings

The Arab Academy for Science, Technology & Maritime Transport (AASTMT) proudly celebrates the remarkable achievement of its junior student, Mostafa Asal, who has claimed the top spot in the Professional Squash Association (PSA) world rankings following their release in March.

Asal's rise to World No. 1 follows his outstanding victory at the prestigious 2025 Optasia Squash Championship, where his exceptional performance secured him the championship title and reaffirmed his dominance in the sport.

Dr. Ashraf Sobhi, Minister of Youth and Sports, congratulated Asal for his stellar win, praising his skill, determination, and contribution to maintaining Egypt's global leadership in squash.

The entire AASTMT community is proud of Mostafa Asal's success, which reflects his dedication and talent while bringing honor to both the Academy and Egypt.

CELEBRATING AASTMT'S RANKING IN THE TIMES HIGHER EDUCATION

AASTMT Progress On "The Times Higher Education Impact Rankings 2025"

Within the results of the Times Higher Education Impact Rankings 2025 that is considered to be one of the top ratings for the world universities that are committed to fostering the United Nations' Sustainable Development Goals (SDGs), and working towards equality and a sustainable future. The results of the most recent ranking in 2025 indicated that the Arab Academy for Science, Technology and Maritime Transport (AASTMT) achieved a remarkable progress at local, regional and international levels.

As seen by the current rankings, AASTMT has made significant progress since joining the worldwide university rankings. Out of 51 participating educational institutions in Egypt, AASTMT ranked "1st" locally, and out of 350 Arab universities, it placed the "8th" at the level of Arab universities and the "104th" globally, out of 2,318 universities at the level of international universities participating in the Times Higher Education rankings.

In this regard, H.E. Prof. Dr. Ismail Abdel Ghaffar Ismail Farag – AASTMT President extends his sincere congratulations to all AASTMT Family and praised the performance of "AASTMT Follow-Up Committee for The Times Higher Education Impact Rankings". Additionally, His Excellency expressed his gratitude, as AASTMT has achieved a remarkable progress at the level of international universities on 2025 results of the Times Higher Education Impact Rankings 2025

CEO of Pharco corporation" lecture at AASTMT

Within the Arab Academy for Science, Technology and Maritime Transport (AASTMT) distinguished relations with Pharco Pharmaceuticals corporation, H.E. Prof. Dr. Ismail Abdel Ghaffar Ismail Farag- AASTMT President welcomed H.E. Dr. Sherine Hassan Abbas Helmy – Chairman of the Board of Directors of Pharco corporation, on Tuesday 20- 5- 2025, at AASTMT Alamein Campus.

During the visit, His Excellency CEO of Pharco corporation delivered a lecture to AASTMT Alamein Campus College of Dentistry students that entitled "Management by Values" which included a presentation of various management methods throughout the ages. His Excellency also praised AASTMT and emphasized its pioneering role in his strategic vision and his own connection to it, especially as he is one of the founders of AASTMT Alamein Campus College of Dentistry.

Graduation Ceremony of "Ahfad University for Women. Medical Studies Students "at AASTMT

As part of the fruitful cooperation between the Arab Academy for Science, Technology and Maritime Transport (AASTMT) and Ahfad University for Women (AUW) in the Republic of Sudan, the graduation ceremony of a new batch from AUW medical studies students was held on Monday 16- 6- 2025, at AASTMT New Alamein Campus.

The ceremony was held in the presence of H.E. Major General Khaled Shoaib – Governor of Matrouh, H.E. Lieutenant General Engineer Emad El-Din Mustafa Adawi – Ambassador of the Republic of Sudan to Cairo, H.E. Lieutenant General Yasser Mohamed Othman – Director General of the General Administration of Border Crossings and Ports in the Republic of Sudan, H.E. Prof. Dr. Ismail Abdel Ghaffar Ismail – AASTMT President, H.E. Prof. Dr. Qasim Badri – AUW President, Dr. Amna Badri – AUW Vice President, Prof. Dr. Enas Aziz Malik – Dean of AUW Faculty of Medicine, H.E. Prof. Dr. Islam Assaf – Undersecretary of the Ministry of Health in Matrouh, H.E. Prof. Dr. Tariq Kasah – President of the Matrouh Doctors Syndicate, a group of senior officials, parents, in addition to the participation of AASTMT officials, and AASTMT medical sector officials, deans of colleges, and academic staff members.

It's worth to mention that during the celebration, it was underlined that the event signifies the end of an extensive academic journey and the results of two esteemed organisations' extraordinary relationship and twinning. Since the agreement with AASTMT was a "lifeline" during the conflict, the collaboration between AASTMT and AUW has improved the self-esteem and empowerment of female students, which occurred in their "second homeland." Ahfad University administrators expressed their gratitude to AASTMT, the League of Arab States, Egypt, and Egyptian citizens for facilitating the students' smooth integration into Egyptian society.

Egypt Digital Initiatives – Next Era Company” Delegation at AASTMT Smart Village Campus

As for the Arab Academy for Science, Technology and Maritime Transport (AASTMT) keenness on looking forward to new future prospects, H.E. Prof. Dr. Ismail Abdel Ghaffar Ismail Farag – AASTMT President welcomed H.E. Eng. Mustafa Abd Ellatif – Co-Founder and CEO of EYouth; H.E. Dr. Rasha El-Banna Marketing & Creative Director of Digital Egypt Generations (DEG), H.E. Eng. Walid ElEngbawy – Executive Director of Digital Egypt Cubs Initiative, H.E. Eng. Ahmed Farouk – Member of the Board of Directors of NextEra for education; and H.E. Eng. Mohamed Farouk – Chairman of NextEra for education, at AASTMT Smart Village Campus, in the presence of a group of H.E. AASTMT Officials.

During the meeting, they discussed the ways of collaboration and reviewed the approaches to strengthen the ties of ongoing cooperation. Then the delegation toured AASTMT Smart Village campus, which is characterized by a different nature in terms of the technology used and the various facilities provided by AASTMT to support the educational process.
