

TOR for professors for the support of TAs' PhD preparation.

Unigreen Project

Project title: “Promoting the role of youth as active change-makers in addressing climate change in Egypt through education” (UNIGREEN)	
Service:	professors for the support of TAs' PhD preparation
Project Overall objective: <ol style="list-style-type: none">1. Uni-Green seeks to reinforce the role of youth as key actors in raising awareness, advocating, and directly addressing local climate change challenges in Egypt.2. Uni-Green promotes youth participation in climate change mitigation through an engaging multistakeholder (universities, the private sector, community-based organizations, and government) process that enables collaboration among key stakeholders in the climate change space.3. Uni-Green aims to enlarge youth participation in addressing climate change by supporting youth led innovative entrepreneurial solutions with technical and financial support.4. The project enables interested youth to communicate alternatives and recommendations in a drafted policy paper on the role of youth in tackling climate change through community-based learning.	
Project Specific objectives: The overall objective of Uni-Green is to promote the role of Egyptian Universities as active civil society organizations to advance youth participation in climate change mitigation. Uni-Green aims to mobilize youth groups and empower civil society organizations (represented in this project by public and not-for-profit universities) to increase their participation in mitigating and adaptation efforts and helping to build capacity to mainstream climate change and environmental sustainability within the higher education system.
