Smart Village’s official site further indicates that a nursery service is available within the business park (Arabic page: “...هنا في القرية الذكية، هناك إمكانية ترك طفلك في حضانتنا خلال فترة عملك”) and highlights the family-friendly environment of the Club.

Current Status and Ongoing Provision - El-Alamein Campus

Together, these arrangements enable colleagues—including recent mothers—to attend courses and fulfil professional duties while their children are cared for nearby. At El-Alamein, AASTMT continues to expand campus services; while no public AASTMT page currently announces an on-campus nursery, updates and student-service details are posted on the El-Alamein campus and Student Affairs pages.
