March- July 2021

Smart-Tech Gadget Workshop Series and Hackathon with certificate for public

A two day workshop and resource sharing for three months We were very delighted to organize our first episode of the hands-on smart tech gadgets' series and celebrate the Arduino Day 2021 titled "Undistancing: Open Makes us Close". We would like to thank our speakers Prof. Heba Shaban (our faculty advisor), Mohamed Ashraf and Emad Taher (our chapter members) for the valuable information and activities they provided. And special thanks to Eng. Mariham Rezk and Eng. Saji Alaa for volunteering with us in organizing the workshop!!
