-Session with the youth of Alexandria, Matrouh, Beheira, about the national strategy for youth and young.

On Saturday, 13/2/2021, at the headquarters of the Arab Academy for Science, Technology and Maritime Transport in Abu Qir, Alexandria, His Excellency the Minister of Youth and Sports, Dr. Ashraf Sobhi, and His Excellency the President of the Arab Academy for Science, Technology and Maritime Transport, Prof. Dr. Ismail Abdel Ghaffar, and Dr. Hanan Gouda, Dean of the Arab Institute for Leadership Development and the General Supervisor of the preparation of The Strategy, and Dr. Manal Eid, representative of the United Nations Population Fund, the third workshop “discussion with the youth of Alexandria, Matrouh and Beheira”

About the National Strategy for Youth and Youth, which has been in the process of preparation for a year by the Arab Institute for Leadership Development (AILD) at the Arab Academy for Science, Technology and Maritime Transport (AASTMT) and the United Nations Population Fund for the Arab Republic of Egypt (UNFPA) headed by His Excellency the Minister of Youth and Sports.

During the workshop, the outputs and recommendations of the previous workshops were reviewed, the first of which was held in the branch of the Arab Academy of Sciences

The second was held at the Academy branch in the Smart Village, which included the youth of Greater Cairo. To know their requirements and needs, and their views on various issues.

Dr. Ashraf Sobhi stressed that the work on the ground achieves the desired results, indicating that youth convoys will be launched in youth centers and youth gatherings to get to know their vision in the strategy, in addition to an opinion poll on the strategy, which was launched electronically.

The President of the Arab Academy for Science and Technology drew the attention of the Egyptian state to the development of the human element, including young people who are the hope of the future, and the basis for development and development of societies, pointing out that investing the energies of young people and employing their capabilities should be at the forefront of priorities, as they are the most capable of development, indicating that The interest in developing the capabilities of young people will undoubtedly reflect on the existence of a better future for the country.

Dr. Hanan Judeh, Dean of the Arab Institute for the Preparation of Leaders, said that based on the principle of formulating and preparing a strategy that is “from youth to youth,” the strategy preparation committee’s current goal at this stage is to listen to young people with the aim of identifying their needs, aspirations and hopes of Egyptian youth and youth in the future, and knowing what They aim precisely to formulate the Egyptian National Strategy for Youth and Young 2021-2026.
