

الأكاديمية العربية للعلوم والتكنولوجيا والنقل البحري
Arab Academy for Science, Technology & Maritime Transport

Regional Informatics Center (RIC) **Achievement report and evaluation of activities 2022-2021**

First: Achievements of school programming programmers

Beaver Contest:

- Training of 5,756 online students in 25 cities.
- Qualifications were made in June 2022 to select 500 students to participate in the training program funded by the Ministry of Communications.

<http://beaver.aast.edu/>

Olympiad in Informatics Competition:

- Training of 500 students for 45 hours during July, August and September 2022.
- Qualifications were held in September to select the top 120 programmers to participate in the Egyptian Olympiad in Informatics **EOI**.

- The Egyptian Olympiad in Informatics **EOI** was held from 11 to 15 September, 2022 at Abo kier Branch.

- 30 programmers qualified to the training camp for qualifications of Asia Pacific to select the top four for the 2023 international Olympiad in informatics.

Second: Achievements of university programming programs

- The AASTMT team won the first place ECPC2022.
- The AASTMT team won first place in ACPC2021 and qualified for the ICPC to be held in Bangladesh in 2022.
- Training of 350 African and Arab girls in programming and organizing the GirlsACPC girls' programming competition for the second year in a row with the participation of more than 1,200 Arab and African students last July representing 35 countries.
- More than 100 programming competitions for colleges students in the Arab region and Africa were supervised in 2021/22 in 28 countries.
- 240 AASTMT students Trained, 80 teams were qualified from the AASTMT competition from different branches and 17 teams qualified in the ACPC.
- AASTMT will organize the ICPC 2023.
- The Egyptian ECPC Programming Competition for 2021 was organized from 14-27 August 2022 in Abu Qir branch and the AASTMT team Won the First place and qualified for the ACPC that will be held in Luxor on 2-6 December 2022.

Third: ARC Competition:

الأكاديمية العربية للعلوم والتكنولوجيا والنقل البحري
Arab Academy for Science, Technology & Maritime Transport

Alamien Robotics Championship was held in ASTMT Alamien Campus during 2-6 of March 2022.

-- During this challenge, the Sea Perch School Competition, the Land min sweeper, Underwater Challenge UWC and Meal Monester.

- participation of 72 teams with over than 800 student.

Sixth: The center's activities in robotics:

- A training camp for 45 students from the Faculty of Artificial Intelligence was held from in abo kier campus during February 2022

- Participated in identifying robots for artificial intelligence college laboratories and helping to communicate with suppliers under the supervision of the college and procurement management.

- Supervised the design and planning of the needs of the robotics laboratory and visited the branch to determine the right place.

- School campus held in abo kier campus during 25-29 June 2022, 15 students.

- Robotics course was held during 14th of August and 7th of September for school students with 21-student participation.

- On going training for 150 students in AASTMT School as preparation for RoboCup Juniors that will be held in Feb 2023.

الأكاديمية العربية للعلوم والتكنولوجيا والنقل البحري
Arab Academy for Science, Technology & Maritime Transport

- The Egyptian-Russian forum was held at the Alamein branch from October 4-7, 2021.

- Finance agreement signed for graduation projects of engineering students of Egypt between the Academy of Scientific Research and the Academy Company.

-Funding has been submitted for 180 robotics projects and 80 projects have been selected (including 18 graduate projects).
