

AAST GRADS to Business

The **AAST GRADS to Business** initiative, launched in 2020, aimed to qualify and support the graduates of the academic year "Batch 2020" from the students of the Arab Academy, in its various faculties, on the principles of entrepreneurship and provide them with ways to support them, whether to start their own projects, or to network with companies already existing, according to its needs and the labor market requirements, the initiative was a response to consequences related to the Covid-19 pandemic
