

## Protocol

### **The Arab Academy for Science, Technology and Maritime Transport signs a cooperation protocol with the "Egyptian Automotive Trading Company" (EATc)**

November 2021

The Arab Academy for Science, Technology and Maritime Transport signs a cooperation protocol with the "Egyptian automotive trading company" (EATc).

His Excellency Dr. Ismail Abdel Ghafar Ismail Farag, President of The Arab Academy for Science, Technology and Maritime Transport, received on Sunday morning, 21/11/2021, Engineer Amr Nassar, Former Minister of Trade and Industry of the Arab Republic of Egypt, and Engineer Karim Najjar, Executive Director of the "Egyptian Automotive Trading Company" (EATC), at the headquarters of the Arab Academy in Cairo, Smart Village branch. His Excellency Dr. Ismail Abdel Ghafar Ismail Farag, President of The Arab Academy, and Engineer Karim Najjar, executive director of the Egyptian trading automotive company, signed a cooperation protocol between the Arab Academy for science and technology and the "Egyptian trading automotive company" (EATc) in the field of electric vehicles.

The agreement aims to support the means of academic and scientific support between the two sides in the field of electric vehicles in cooperation between the faculties of engineering and technology at the Arab Academy and the Egyptian automotive trading company.

The two sides discussed the merits of the agreement and its joint action plan based on academic and practical cooperation between them for training in the manufacture and production of electric vehicles to support the use of clean energy in the field of modern engineering and technology, which is characterized by evolving global trends.

The agreement also supports the provision of opportunities to train students of the Academy at the faculties of engineering and technology in the field of training on the use of clean energy from the production of premium electric cars.

The cooperation between the faculties of engineering and technology at the academy to provide opportunities for students of the academy to train and acquire practical skills and benefit from cooperation with the Egyptian Commercial Company automotive and its distinguished expertise in the field of automobiles, which is the official dealer of Audi and Volkswagen cars in Egypt. The Arab Academy for science and technology provides a modern educational environment through the use of the latest curricula that keep pace with the spirit of the Times, professors and doctors at the highest academic and scientific level, in addition to training students within the workshops of its colleges, encouraging outstanding students, and providing foreign missions to the most prestigious international universities.
