

- Name : **NADER SAFAA SHOUKRY FAHIM.**
- Date of birth : **14 of June 1979.**
- Place of birth : **Behira Egypt.**
- Sex : **Male.**
- Nationality : **Egyptian.**
- Marital status : **Single.**
- Address : **12 EbN Zourek st, Seedy Gaber, Alexandria, Egypt.**
- Telephone (MOB) : **+2-0122-3585247 / +201000143521**
- Telephone (Home) : **03 – 5837998**

- Email : **Nader_fahim@Yahoo.com .**
Naderfahim14@Gmail.com

Education:

- **High School Certificate, (SALAH SALEM) –BEHARA-Egypt, July 1995**
- **Bachelor Degree in “Mechanical & Marine Engineering” from Arab Academy for Science and Technology on August 2000.**

Graduation project: Performance evaluation of ships propulsion system at sea

Project grade: Excellent.

- **Chief Engineer certificate and endorsement issued under the provisions of the international convention on standards of training, certification and watch keeping for seafarers 1978 as amended number 3149 valid till 25.11.2025.**
- **Master degree in “Maritime Transport” from Arab Academy for Science and Technology on June 2025.**

Pre- graduate training:

Aida IV (Mediterranean Sea)

Guided sea training on board ship (shift engineer) in the period starting from February to June 1998. Practical training semester.

Language:

- **Arabic (mother tongue).**
- **English (very good command of spoken and written)**

Computer Skills:

- Microsoft office tools (Excel, Microsoft Word, Power point, Access, internet application).

Work Experience:

Other experience

Marine engineering instructor at Arab academy for science and technology and maritime transport for teaching Marine Diesel Engine, planned maintenance, Marine Engineering and Maritime Law subjects.

also published numerous research manuscripts, at well-acknowledged and high impact factor (Q1) publishing platforms, that are related to ship recycle and ship energy efficiency management plan (SEEMP).

Other training courses and certificates:

- Personal safety and social responsibilities valid to 8/02/2021.
- Medical first aids valid to 27/04/2021.
- Proficiency in survival techniques valid to 17/02/2021.
- Prevention and combating of marine pollution issued on 25/02/2016.
- Proficiency of security awareness valid to 31/01/2021.
- Advanced course in fire prevention and firefighting valid to 10/02/2021.
- Proficiency in survival crafts and rescue boats.
- Basic offshore safety induction emergency training.
- International code for the Security of ships and port facilities.
- LMF Compressor practical and theoretical training on 22.03.2011.
- Technical user workshop completed in (ULSTEIN IAS) on 05.10.2011.
- Engine W20 operation advanced course in Turku on 05.11.2012.

- Engine W26 operation and practical advanced course in Trieste Italy on 06.10.2014
- Further offshore emergency training (OPITo) including HUET plus emergency breathing system (Flack, Rotterdam) valid until 29.09.2018.
- Norwegian oil and gas accepted upgrade to the Norwegian continental shelf valid until 29.09.2018.
- Atmospheric testing and confined space entry awareness (Survivex) on 15.02.2013.
- Diploma from (SEA-TEK) Norway a1 WP950-work boat training on 11.06.2013.
- Working at heights training (Survivex) on 14.02.2013.

Short description about the equipment which familiar with its.

Diesel electric. Split mode. Kongsberg K-POS 21-DP2.

Engine Wartsila 9L20 - 9L26.

Main propulsion- Schottle azimuth thruster. CP propeller Ber 2010.

Bow thruster – Brunvoll, Retractable thruster – Brunvoll.

Bilge water separator – RWO. Marinfloc with white box.

Alfa Laval separators, pure bilge water. Pure ballast treatments.

High pressure marine – LMF (seismic).

Incinerator operation and maintenance (team Tec).

Anchor handling and towing winch.

Familiar with PMS system.

Familiar with DP2 Kongsberg system.

Familiar with jet propulsion.

Operating and maintenance for all types of pumps Also compressors (sperre, Atlas Copco)

Condition, HAVC, refrigerators and hydraulic systems.

Good knowledge with Safety equipment and safety procedure.

During of my work at sea I got experience of work with next type of main engine like: ROLLS–ROYCE, CATERPILLAR, WARTSILA 26,20, MAK, VOLVO, Datsun, YANMAR, B&W, MITSUBISHY, MAN B&W, DEUTZ, and EMD.

Also I have experience of delivering new build ship and repair jobs in dry dock and shipyards of and shipyards of: Dubai

I have good experience of work on board of DP ships with diesel electric propulsion, AZD, CCP drive system.

During of above period, I worked in North Sea, Adriatic Sea, Persian Gulf, Mediterranean Sea, South East Asia, west and east Africa, Gulf of Mexico.

anchor handling jobs; rig and barge towing, supply job (of dry & wet bulk like: cement of various type ,B.O., F.O., MUD, F.W.)

Interpersonal

- Flexibility and ability to work within teams.
- Ability to learn quickly, Enthusiastic, Active.
- Highly adaptable, with creative problem-solving skills.
- Hard worker, Ambitious, well organized.
