PROFILE

I am a young architect who is looking for opportunities to increase her knowledge and experience. I aspire to work in a firm where I can practice my interests. It is very important for me to work in a place encouraging creativity and out-of-the-box ideas. I am very much interested in multiple design fields; from architectural design to graphic design and even event planning. I love to learn new skills and hope to create and work on exciting projects where I challenge myself more.
